Dear Parents and Students,

Welcome to St. Mary Catholic School. Our school operates under the auspices of the Roman Catholic Archdiocese of Galveston-Houston, Office of Catholic Schools. We are accredited through the Texas Catholic Conference Education Department, TCCED. We also hold membership in the National Catholic Educational Association, NCEA.

Parents and guardians, as the first teachers of their children, lay the foundation for learning and faith. We join as partners, reinforcing and integrating our Christian values and educational experiences into the daily life of each student.

We are looking forward to this year with anticipation and wish to extend a warm welcome to everyone!

The purpose of this BASP Handbook is to provide parents and students with information that will help them understand school procedures and policies. Parents' and students' knowledge of the information in this handbook along with their cooperation will help make for a successful and productive year for all.

We realize the need for high quality before and after school care for young children as well as for older children. In recognizing this need, we strive to provide quality care in a familiar Christian setting. This is one reason we call our before and after programs "extension programs". The term "extension program" aptly describes the service, an extension of the regular school day.

BASP is open every regular school day, except for the day we dismiss for Christmas, Easter and the last day of school. The before care program is open every day that school is in session. Laura Halbardier is the director of the program. Mrs. Gonzalez and Ms. Bryan are the teachers on duty for before and after care if the director is out of the office.

Communities are successful to the degree to which the members are knowledgeable and are in accordance with the rules, regulations, and policies that govern them. Parents assist and support the teachers and administration in the implementation and enforcement of the student code of conduct, school policies, and regulations. It is expected that families abide by the policies, procedures, and regulations set forth in this handbook. The school and/or the principal retain the right to amend this handbook at any time. Parents and students are expected to sign the Handbook Acknowledgement Form.

The school reserves the right to amend the contents of this handbook as needed during the school year. Parents will be notified in writing and an additional signature page will be required.

Please feel free to contact me via phone (281) 332-4014 or email [lhalbardier@stmarylc.org](mailto:lhalbardier@stmarylc.org). The school office is open Monday-Friday from 7:30 AM-4:00PM.

Blessings,

## **Catholic Schools of Texas – Mission Statement**

The mission of Catholic Education in Texas is the fulfillment of the educational ministry of the Catholic Church and has as its primary goal the ongoing formation of the Christian person. It aims at the development of the individual's moral, intellectual, social, cultural, and physical endowments.

As an educational ministry, the Catholic Schools must respond to the needs of the whole person with qualifications and effective experiences in teaching.

The spiritual dimension is integrated in the three-fold responsibility of proclaiming the message revealed by God in work and deed, of building community, Christian fellowship, and fulfillment of the imperative of social justice, servicing our fellow man through sharing spiritual and temporal goods with those in need.

The intellectual dimension is met through a comprehensive offering of variety of learning experiences that assist the student to attain the goals of the various areas of instruction, to prepare them to cope with the societal demands, to understand and to participate in civic and governmental activities, and to appreciate the worth of each person and his culture.

The physical dimension is met through programs that prepare the student to have the knowledge and understanding of their physical and psychological structure and the environmental concerns that affect their well-being.

To attain this educational ministry, the educational ministry of the Catholic Church serves the elementary, secondary, and university school system in Texas and the Archdiocese of Galveston-Houston.

## **Statement of Philosophy Archdiocese of Galveston-Houston**

We believe that the curriculum of the Catholic schools of the Galveston-Houston Archdiocese involves a total, Christ-Centered environment. This environment enables a community of learners to live and model Christian Catholic values and ethics.

We believe the pivotal point of the curriculum for each student is interaction with teachers. The vehicle for this interaction is the content area, central to the educational process.

We believe in a learner-centered curriculum that recognizes and supports the uniqueness of the individual and the development of the whole person. Therefore, our curriculum is based on the firm belief that every child, regardless of his/her preferred learning style, can learn and reach beyond the level which he/she has already mastered.

We believe that rapid-societal changes challenge us to continually evaluate and update our curriculum utilizing current educational research and technological advances. We are therefore committed to the continuous professional growth of all responsible for delivering the educational process.

Finally, we believe that the outcome of all learning experiences in a Catholic school is the formation of an active, life-time learner. Each student becomes a Christian eager to embrace his/her responsibility of "message, community and service" to the world.

### **Student Behavior Policy**

#### **School Discipline**

The Archdiocesan Policy Manual says, "The true goal of any disciplinary measure in the school is to assist the student in achieving self-discipline which will manifest itself in clear and logical reasoning and in action which is consistent with moral principles."

The primary goal of St. Mary Catholic School is the on-going formation of the Christian person. It is the privilege of faculty and parents, as Christian educators, to help the student form behavioral patterns consistent with Christian social standards. We are reminded that the Christian social principle "treat others the way you would have them treat you" (Matthew 8:12) should be the basis of our behavioral code. "Love one another as I have loved you."

Our school will be using the Nurtured Heart Approach. In this approach, we will be focusing on the children's positive behavior and finding and bringing out each child's greatness. The Nurtured Heart Approach, created by Howard Glasser, is a powerful approach that consistently produces extraordinary results ...an approach that helps all children to flourish in remarkable ways." (Howard Glasser). The Nurtured Heart Approach is the most Christ-like example of classroom management. Students will celebrate their accomplishments and work together to build a community that is centered on the whole child, spiritual, moral and intellectual growth and well-being in a Catholic environment.

**Discipline of any action not covered by the behavior policy is at the discretion of the principal and behavior team.**

At St. Mary Catholic School, we follow a positive discipline management program throughout the school. School-wide goals and specific expectations for appropriate attitudes, values and behaviors will be posted in each classroom. In general, it is based on the following principles:

In order to be effective, teachers have the right to establish routines and procedures that are conducive to learning.

Teachers have the right to request and expect appropriate behavior from the students.

Teachers have the right to ask for help from parents, the principal, and others when they need assistance with a student.

Students will be made aware of what is expected appropriate behavior.

Students will be told clearly and firmly what the natural consequences are for choosing not to follow the appropriate behavior guidelines.

Students will be positively reinforced for following appropriate behavior guidelines.

Students will receive a correction, verbal or written for inappropriate behaviors.

Parents will be notified if their child is disruptive at BASP. If they continue to disrupt the program and/or disrespect staff or other students, they will be asked to withdraw from the BASP Program.

St. Mary Catholic School reserves the right to search desks and any personal property when it is deemed necessary by the administration.

### **Computer Use**

**The computers may only be used for school work during BASP. Students may not log on to play games. All students must adhere to the SMCS Technology Policy (as outlined in the Parent-Student Handbook).**

### **What is expected?**

**Students are responsible for appropriate behavior on the school's computer network just as they are in a classroom or on a school playground. Communications on the network are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with Archdiocesan standards and the specific rules set forth. The use of technology resources is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and utilizing the school's technology resources. The students are expected never to access, keep, or send anything that they would not want their parents or teachers to see.**

### **Succinct Advice**

These are guidelines to follow to prevent the loss of technology privileges at school.

Do not use technology to harm other people or their work.

Do not damage the network or any technology resource in any way.

Do not interfere with the network or computer operation by installing any form of software or permitting the spread of computer viruses.

Do not violate copyright laws.

Do not view, send or display offensive or pornographic messages or pictures.

Do not share your password or in any way obtain another person's password.

Do not waste technology resources such as disk space or printing supplies.

Do not trespass in another's folders, work, or files .

Do notify an adult immediately if by accident, you encounter materials, which violate the Rules of Appropriate Use .

### **Suspected Child Abuse**

SMCS abides by the Child Abuse Prevention, Adoption and Family Services Act. This law mandates that all cases of suspected abuse and/or neglect are reported to Child Protective Services.

### **Clinic and Health Issues**

As Christian parents, we are responsible for the health and welfare of our children. Please assist us in keeping a healthy environment by not sending children to school with any symptoms of illness.

### **Illness/Contagious Disease**

Parents will be notified when their child is too sick to attend after care. It is paramount that you give us current telephone numbers as well as emergency contact names and telephone numbers. If the parents cannot be reached, then the emergency contacts will be called to pick up your child. Any child with a temperature of 100 or above or vomiting is sent home. A student should be fever free without the aid of medication for 24 hours before returning to school following an illness. Students are to be kept home when they have a cold, sore throat, temperature, eye infection, skin eruptions, swollen glands, nausea, vomiting, or diarrhea. Any child exhibiting such symptoms is sent home. Students should not have vomited within 24 hours to return to school. Parents are required to notify the office if a student is ill. Please notify the school if your child has a communicable disease. When a child returns to school after having a communicable disease, he/she must present himself/herself to the office with a written note from a doctor saying he/she can be readmitted to class.

## **Emergencies & Safety**

With the children's safety and well-being in mind, it is extremely important that each parent fill out a registration form and adhere to the instructions given. One of the most important regulations concerns the child's leaving of the premises of the Before/After School Program.

Parents or guardians should not take children from the school grounds without notifying the Before/After School Staff and signing the child out.

Parents or guardians should not send people whose names are not on the registration form to ask for the release of children. For the child's safety, the release will not be granted. In certain situations, a note may be sent requesting that a child be released to persons not already listed on the registration form. Phone calls asking for this release will not be accepted. In all situations a valid ID must be presented, such as a driver's license.

If there are any court orders in place, concerning your child, you must send a copy for the Before/After School Program to keep on file.

## **Illness & Accident**

Cases which seem to be minor will be treated on the premises. Medication will not be administered unless a written statement from the physician and parent is on file in the Before/After School office. Forms for Physician's Request for Administration of Medication by School Personnel are available at the school clinic.

In cases which seem to be serious, the Before/After School Program Director, or Teacher on Duty, will make every effort to carry out the instructions as given on the registration form. Parents who do not wish to have their child treated in any way should indicate such on the registration form and should give directions to be followed in the space "Special Instructions." If it is determined that your child needs to be picked up, you will be contacted. Please make every effort to pick your child up in a timely manner, as we do not have accommodations for the care of sick children.

If the parent/guardian does not supply adequate emergency instructions, or if the instructions given cannot be followed at the time of the emergency, the Before/After School Program Staff will act according to their best judgment for the welfare of the child.

## **Communication**

It is very important that you label all notes "Before/After School Program." They will then be forwarded to the program director. If it is necessary to call during the school day, please call (281) 332-4014 and leave your message for the Program Director or Teacher on Duty. If you will be calling between 3:00 P.M. and 5:30 pm, then please understand the school office is closed, and your call will go directly to the before and after school program.

Students **MUST** be signed out by a parent/guardian every day they attend the program.

## **Billing**

Fees for the before and after school program should be paid with the FACTS Payment Plan. All Families must fill out a Morning/After School Care registration form before utilizing the program. A \$50.00 registration fee is required and is due before using the program or will be billed upon first use. If a bill is outstanding for more than two months your child may not be allowed to participate in the before/after school program until the account is paid in full.

**The BASP closes at 5:30P.M. Parents will be charged \$1.00 for every minute after 5:30P.M. until their child is picked up from the library. If you are going to be late picking up your child; please call the office and let the BASP staff know.**
