

ENGINEERING & ROBOTICS CLUB

The Engineering and Robotics Club begins Friday, September 14th. It will meet on Fridays from 3:15 to 4 p.m.

Big Bytes (grades 5 to 8) will meet on the first and third Fridays of the month.

Little Bits (grades 2 to 4) will meet on the second and fourth Fridays of the month.

Big Bytes students in the club must maintain an E or S in conduct, and must keep an average grade of B or higher in all classes.

Little Bits students in the club must maintain an E or S in conduct and be passing all classes.

Space in the club is limited by the equipment we have. Therefore, enrollment will be on a first come, first served basis. A waiting list will be kept, so that when one student leaves the club, another will be admitted. There are directions to reach Mrs. Pate's "links" page below, which includes sign up pages for the two clubs.

To sign up, go to

www.arkgrid.godaddysites.com/sgrid

For Big Bytes, click on the orange robot in the fourth column, second row.

For Little Bits, click on the white robot in the fifth column, second row.

Or go directly to:
